Hi Marisol!

Following up on our discussion today. As we discussed, McDonald's is pleased to be able to provide healthy snacks for the students for this great event the Councilman is organizing. We were thinking smoothies, apple slices and go-gurts (yogurt in fun container).

I went back to them and they are not able to provide any warm food. Unfortunately, warm food does not travel well for these types of events. They care very much about serving delicious meals and I'm afraid cold wraps/burgers do not meet their high standards (yes the wraps actually are served warm, as is the chicken in the salads).

However, they are pleased to support by providing the cold items above (and I'd be happy to take back any other requests for cold food to them). Please let me know what time you would like the delivery.
